

## MULTIPLE SIGHTING

## PROJECT 10073 RECORD CARD

1. DATE 27 Sep 60	2. LOCATION Almogordo, Las Cruces, White Sands and Holloman AFB, New Mexico		12. CONCLUSIONS <input type="checkbox"/> Was Balloon <input type="checkbox"/> Probably Balloon <input type="checkbox"/> Possibly Balloon  <input type="checkbox"/> Was Aircraft <input type="checkbox"/> Probably Aircraft <input type="checkbox"/> Possibly Aircraft  <input type="checkbox"/> Was Astronomical <input checked="" type="checkbox"/> Probably Astronomical Meteor <input type="checkbox"/> Possibly Astronomical  <input type="checkbox"/> Other _____ <input type="checkbox"/> Insufficient Data for Evaluation <input type="checkbox"/> Unknown
3. DATE-TIME GROUP Local _____ GMT 0958Z	4. TYPE OF OBSERVATION <input checked="" type="checkbox"/> Ground-Visual <input type="checkbox"/> Ground-Radar <input type="checkbox"/> Air-Visual <input type="checkbox"/> Air-Intercept Radar		
5. PHOTOS <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	6. SOURCE Military and Civilian		
7. LENGTH OF OBSERVATION 5-15 sec	8. NUMBER OF OBJECTS one	9. COURSE SW	
10. BRIEF SUMMARY OF SIGHTING Bright green object, 1/2 diameter of dime at arm's length. Initially no tail - tail developed to 3-4 times diameter of object. Had straight and level flight, fading out to disappearance.			11. COMMENTS Another object of the same description was seen at almost the same time on the following day from Las Cruces. Description is similar to a meteor.

FIED FLYING OBJECTS INVESTIGATION OFFICER. NO CONCLUSIONS ARE  
DRAWN BY THE INVESTIGATION OFFICER AS TO THE NATURE OF THE UFO.  
FOUR RELIABLE WITNESSES, ONE FROM EACH OF THE LOCATIONS MENTIONED

PAGE THREE RJWFBA 31

IN PARAGRAPH E ABOVE, WERE SELECTED AND QUESTIONED IN DETAIL PERSONAL-  
LY BY THE INVESTIGATION OFFICER ON THE EXACT SPOT THE OBSERVER WAS  
STANDING AND AT APPROXIMATELY THE SAME TIME OF DAY THAT THE SIGHTING  
OCCURRED, 24 HOURS FOLLOWING THE DAY OF THE SITING. THE OBSERVER  
AT LAS CRUCES WAS THE ONLY OBSERVER THAT REPORTED THAT THE OBJECT  
STOOD STILL OR HOVERED. IN THE OPINION OF THE INVESTIGATION  
OFFICER, THIS CAN BE LOGICALLY EXPLAINED BY THE OPTICAL ILLUSION  
CREATED BY THE RELATIVE MOTION OF THE UFO AND STATIONERY OBJECTS

IN THE FOREGROUND DUE TO THE FACT THAT THE OBSERVATION WAS MADE FROM A MANEUVERING VEHICLE. ALTHOUGH IN MOST CASES THE OBSERVERS WERE CONVINCED THAT THE OBJECT WAS VERY CLOSE, IT IS THE OPINION OF THE INVESTIGATION OFFICER THAT THE OBJECT WAS AT A SUBSTANTIALLY GREATER DISTANCE FROM THE OBSERVERS THAN THEY SUSPECTED.... AND THEREFORE AT A GREATER ALTITUDE AND TRAVELING AT A GREATER SPEED. THIS IS INDICATED BY THE FOLLOWING FACT: WITHOUT EXCEPTION, THOSE OBSERVERS PERSONALLY INTERVIEWED ON THE EXACT LOCATION OF THEIR OBSERVATIONS, POINTED IN THE DIRECTION AT WHICH THEY FIRST OBSERVED THE OBJECT AND IT WAS 10 TO 15 DEGREES TO THE LEFT OF THE NORTH STAR. THE OBSERVERS INTERVIEWED WERE AT LOCATION OVER A SPAN OF APPROXIMATELY 55 NAUTICAL MILES BETWEEN ALAMOGORDO AND LAS CRUCES
